DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 5/25/05 has been entered.

Information Disclosure Statement

2. The information disclosure statement filed 5/25/05 has been fully considered. An initialed copy is included with this communication.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 19 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 19 is indefinite because it requires a "Cr underlayer or Cr alloy underlayer" and requires that "the underlayer is that of a double-layer structure which consists of a first

Art Unit: 1773

underlayer made of Cr and a second underlayer which is formed on the first underlayer containing at least one species of element selected from Cr, Nb, Mo, Ta, W, and Ti.” Thus, it appears that the Cr or Cr alloy underlayer is further limited within the same claim to require a Cr first underlayer. However, it is not clear if this is what the claim is actually limited to. If the examiner’s interpretation is correct, it is suggested that Applicant consider deleting the limitations directed to “a Cr underlayer or Cr alloy underlayer” in line 3 of the claim.

Allowable Subject Matter

5. Claims 1-2, 4-10, 19-21 are allowable over the prior art for the reasons of record.
